# VISTA

The Vista collection transforms a home's décor into a retreat. From the soft gray tones of the finish to the natural character of the oak wood grain, each piece helps transform the home into a relaxed state of mind.

Vista takes its inspiration from the colors, textures, and lines of the spaces we find most relaxing. Its design is infused with an airy persona that subtly speaks volumes. The resulting style is an eclectic transitional that blends well with homes and architecture ranging from contemporary craftsman to new traditional. Casual sophistication might be the best way to describe the Vista collection.

To personalize the space, Vista features a variety of design details. Geometric patterns set a more modern tone while textured fabrics and thick woven seagrass create a casual atmosphere. For even more flexibility, the Vista bed selection provides an opportunity to highlight any of these aesthetics to be showcased in the bedroom. Finishing off the styling are subtle touches like the custom quatrefoil hardware, tapered legs with bead moldings, and the oyster tone finish that mingles the natural character of oak with a soft gray undertone.

## 803 VISTA WHITE OAK SPLIT HEART VENEERS

Vista is made from White Oak Veneers, select hardwoods with pewter hardware and features tapered square legs with metal and woven seagrass to create a casual transitional style.

*Finishes ordered at different times are not guaranteed to match. Woods have grain and color variations due to growth patterns of each tree. The result is a beautiful and unique piece. Due to these variations, finishes on individual pieces are not guaranteed to match. The finish shown here has been reproduced as accurately as photographic and printing technologies allow. For the truest representation, please contact your American Drew dealer.*

## Care & Cleaning

**Care of fine finishes:** American Drew finishes are naturally resistant to minor everyday hazards and accidents; however, some precautions are necessary to maintain the beauty of your wood furniture.

- Dust with a soft clean cloth slightly moistened with water, and then dry completely with another clean cloth. Always rub in the direction of the wood grain.
- Avoid cigarettes, hot dishes, moisture and harsh solvents such as nail polish and alcohol.
- Do not place beverages directly on furniture.
- Use pads beneath accessories when writing or eating.
- Remove spills and smudges immediately.
- Pliable materials should not be left on a wood surface; they can damage the finish.
- Furniture should not be placed near heat, windows, or in direct sunlight.
