0530 LATTICE TRESTLE DINING

621 Trestle Table

0530 LATTICE DINING

The Lattice Dining Collection is all about details. With casual modern styling, Lattice is named for the eye-catching woven veneer pattern featured on the tabletops and doors. The tone-on-tone pattern, along with bold lines and angled legs, give this dining room a unique design. Hand created details in a warm bisque finish complete the look. All of these elements combine to create a bright, comfortable collection sure to fit many design themes. Offerings include a Rectangular Trestle Table and fixed top Round Pedestal Table with coordinating Credenza and Side Chair. The scale of these items is perfect for an eat-in kitchen, dining room, or open floor plan. Lattice is crafted of select hardwood solids with quartered white ash veneers in a warm bisque finish. Wire brushing and cerusing in the finish give the group texture. The Credenza features gun metal grey hardware.
